

## **INTERNATIONAL PROJECTS**

### **INTERNATIONAL EMERGENCY FUND**

#### **1) Shelter Boxes**

Shelter Box is a global Rotary Club project which relies entirely on public donations, and responds instantly to disasters all around the world. We feel it is our responsibility to contribute.

Aspelia is now preparing to buy 2 shelter boxes

#### **2) DISASTER RELIEF TASK FORCE**

##### **Terrorist Attack in Alexandria**

As soon as we heard the sad news of the Terrorist attack and upon receiving the email from the District Disaster Relief Task Force, Rot. Sahar Sobeih, immediately we responded by sending \$500 as a small contribution to the rebuilding of the damaged Church and Mosque.

#### **Hope for Gaza Children**

“Hope for Gaza Children” is a campaign through which the Club may sponsor vulnerable Palestinian children affected by the recent conflict in the Gaza Strip. Sponsorship is through the Children’s Relief Foundation (CRF), which was recommended by the Cypriot First Lady.

As Rotarians we feel it is important to assist children in one of the most densely populated areas in the world.

The sponsorship lasts for a minimum of three years and is renewable. The sponsors will receive annual information on the child adopted.

The Club agreed for an adoption of a child with a disease. The cost is 70 euro per month (840 euros per year). To raise this money we will circulate a box for donations in our meetings or other occasions. We will also organize an event (under study) for fund raising very soon.
